2. Lt. Quam explained the situation relative to the base map and advised that a new one would be forthcoming and distributed in about a week or 10 days. This would be an outline map.

3. Lt. Quam also called attention to the changes in the outline guide, explained the situation regarding place names and requested the contributors to submit a list of contributing personnel for this study.

4. Col. Bicknell informed the contributors that 1 June was established as a deadline, but pointed out that anything completed prior to that date should be submitted immediately as it would assist the board in production.

5. Col. Bicknell unofficially advised that the study following No. 87 would probably be Arafoera-Banda-Ceram Sea Islands.

6. Col. Bicknell also made reference to the JISPB Memorandum of 13 March, requesting that the board be furnished with information relative to available intelligence data.

There being no further questions, the meeting adjourned.
